Viticultors de l'Empordà

Viticulture

Our own vineyards in the hills of the Alberes mountain range in DO Empordà. Soils composed of sand and granite. Harvest was at the end of September.

Varieties

Red Grenache (Lledoner Negre) 100%

The 2017 Vintage

The 2017 vintage saw total rainfall that was less than the normal average of previous years and was around 550ml, with higher temperatures overall. The winter was cold and rainy in contrast to the summer which was quite hot and without rain, much like the spring. The most intense gusts of the Tramuntana wind were seen in the months of February and May but there were no adverse effects to the vineyards. The heat of 2017 was made quite evident by an earlier than usual harvest. We started the harvest on August 9th for our white grapes in the villages of Vilajuïga and Roses. The harvest for the vineyard of Mas Marès in the Cap de Creus Natural Park finished on September 25th.

In regards to the wines, the alcohol levels have shown to be balanced with good acidity that then translates into aromatic, refreshing white and rosé wines. The red wines hold a good level of subtlety and complexity.

Winemaking

Cold soak at 8°C for two days. Fermented on the skins using native yeast for 10-12 days at controlled temperature of 24°-25°C. Malolactic conversion after alcoholic fermentation in tanks for 10 more days. Lightly filtered prior to bottling.

Type of Wine

Red wine of medium body and 3 months of barrel aging.

Tasting Note

A by-the-book Grenache. Ruby red in color with aromas of red and dark fruits in the nose. A truly Mediterranean wine that's fresh with density and smooth texture in the mouth. A base of balsamic notes with hints of aromatic herbs. Mineral touches and the essence of the Mediterranean in a wine that's quite versatile for many pairings.

At the Table

We recommend to serve this wine at around 14-16C.

To accompany... very versatile for white and red meats especially when grilled. Also for cured, flavorful cheeses, grilled vegetables, pork filet, roasted lamb, chicken, and turkey.
