The 2022 Vintage

The extreme drought this year has determined this vintage. About 349 liters have rained. Fortunately, just before budding there was abundant rainfall that left the soils at field capacity and allowed the vines to bud. The drought has allowed a good control of vegetative growth, though. The summer has been extremely hot, which has meant that the harvest dates have been advanced a week compared to the usual dates. However, we are happy with the quality of the wines, because the plants were well adapted to the drought. The balances in the wine have been good.

Winemaking

Static clarification for 48 hours. Fermentation at 16 °C of the two varieties separately. Aged on the lees in stainless steel tanks prior to bottling. Sterile filtration.

Type of wine

Young, dry white.

Tasting notes

Pale yellow in color with a green hue. Prominent aromas of white fruits, particularly pear and apple with some floral notes in the background. Showing persistent acidity and salinity with pronounced citric notes on both the nose and on the palate. Complex and delicate, Mediterranean in character and a nuanced aromatic intensity. A generous and approachable wine, perfect by the glass.

At the table

We recommend to serve this wine around 8-9C and to maintain freshness once opened by placing the bottle in a water and ice bath.

To accompany... Vailet is a wine that we choose when kicking back with friends while enjoying small dishes of baby squid, clams, and fresh fish. It's a very forgiving wine that will let seafood and fish shine as the protagonists. It works very well to both boost the flavors of these foods while at the same time, refreshing the palate.
